

# Dual Reservoir Kit

**MASPORT**  
VACUUM PUMP SYSTEMS

For All Pumps

Masport has extended its range of pump accessories, and now offers a Dual Reservoir Kit.

This new Dual Reservoir Kit combines an oil reservoir and flushing fluid reservoir in a single unit. The tank is made out of powder coated steel that is more durable and has a larger holding capacity.

This kit will save you installation time and give you ease of operation for years to come.

## Masport quality and performance

- ▶ Powder-coated steel tank
- ▶ 6 quart capacity in each chamber
- ▶ Durable brass fittings
- ▶ Vented steel oil reservoir caps
- ▶ Includes in-line oil filter with 16' of oil line and all hardware
- ▶ Easy to read oil level indicators
- ▶ Designed to fit on any hose tray
- ▶ One year performance warranty
